### Run Report – Sunday October 15<sup>th</sup> 2006

A select group of three tandems left Caernarfon (having lost Martin & Julie who were busy eating bacon butties) intent on making a minimal carbon footprint to balance that of other group members. *Ed – I think that's a gentle dig at Sue and I due to our four day visit to New York (it's a long story but it wasn't really supposed to happen like that) – got me feeling guilty now !*

We had a pleasant run down the cycleway to Lyn's café for tea but unfortunately no cakes. We then wandered through pleasant lanes down to Dinas Dinlle for lunch of sandwiches and chips sat on the beach in glorious October sunshine! Hugh eventually went for a swim, but definitely is less keen without a nice young lady to lead the way!

We then went around Forydd Bay to the castle. Finally up the Lon Gwyrfa (so called cycleway) for tea and cakes at Chris and Mikes.

Chris and Mike, Ann and Hugh and Vicki and Graham enjoyed some of the best cycling weather we have had all year, obviously one benefit of global warming! *Ed- thanks Chris and Mike for writing this up.*

### Upcoming Run – Sunday November 12<sup>th</sup>
